GENERAL TERMS AND CONDITIONS

1. **ACCEPTANCE** – The shipment of products ordered hereunder, or any part thereof, shall be deemed a full acceptance by the Seller of this order, subject to the terms and conditions herein. Any different or additional terms in the Seller's confirmation of this order are hereby objected to and rejected and such inconsistent or additional terms shall not be binding on Buyer.
2. **CONTRACT** – The Contract resulting from the acceptance of this order is to be construed according to the laws of Tennessee without regard to its conflicts of law principles. Assignment of such contract and/or this order by Seller (by any means, including by operation of law) or any interest therein, or any payment due or to become due hereunder, without the written consent of Buyer, shall be void.
3. **PRICES** – Buyer shall not be billed at prices higher than those stated on the front of this order. Unless otherwise specified, the price stated includes all charges for packing, hauling, storage and transportation to point of delivery. Seller will pay all delivery charges in excess of any delivery charge Buyer has agreed to pay. The price stated includes all taxes except state or local sales or use taxes or similar taxes which Seller is required by law to collect from Buyer. Such taxes, if any, shall be separately stated in Seller's invoice and paid by Buyer unless an exemption is available. Seller agrees that any price reduction made with respect to the items covered by this order subsequent to its placement but prior to payment will be applicable to this order.
4. **DELIVERY** – Deliveries are to be made both in quantities and at times specified in schedules furnished by Buyer. Buyer will have no liability for payment for product or items delivered to Buyer which are in excess of quantities specified in the delivery schedules. Buyer may from time to time change delivery schedules or direct temporary suspension of scheduled shipments. The delivery terms shall be specified on the order.
5. **DEFAULT** – Time is of the essence in the performance of this order. Except in instances of delay which are due to causes beyond the reasonable control and without the fault or negligence of Seller and its suppliers, Buyer may by written notice of default to Seller terminate the whole or any part of this order in any one of the following circumstances: (i) if Seller fails to perform within the time specified herein or any extension thereof; or (ii) if Seller fails to perform any of the other provisions of this order, or so fails to make progress as to endanger performance of this order in accordance with its terms, and in either of these two circumstances does not cure such failure within a period of ten (10) days (or such longer period as Buyer may authorize in writing) after receipt of notice from Buyer specifying such failure. As an alternate remedy, and in lieu of termination for default, Buyer, at its sole discretion, may elect (1) to extend the delivery schedule and or (2) to waive other deficiencies in Seller's performance, in which case an equitable reduction in the order price shall be negotiated. In the event Seller for any reason anticipates difficulty in complying with the required delivery date, or in meeting any of the other requirements of this order, Seller shall promptly notify Buyer in writing. On past due shipments, when proper lead-time has been given, Seller agrees to ship those products by an expedited mode of transportation and pay the cost difference between the expedited mode and normal routing costs when delivery is critical, as determined by Buyer, to maintaining Buyer's manufacturing schedules. The rights and remedies of the Buyer provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law, at equity or under this order.
6. **TRANSPORTATION** – No charges for unauthorized transportation will be allowed. Any unauthorized shipment which will result in excess transportation charges must be fully prepaid by the Seller.
7. **EXTRA CHARGES** – No extra charges of any kind including interest charges, service charges or carrying charges, will be allowed unless specifically agreed to in writing by the Buyer.
8. **WARRANTY** – Seller expressly warrants that all the product and work covered by this order will conform to the specifications, drawings, samples or other description furnished or specified by Buyer, and will be merchantable, of good material and workmanship and free from defect. Seller expressly warrants that all the product covered by this order will be fit and sufficient for the purposes intended. The foregoing warranty shall survive Buyer's inspection, acceptance and use of the products. Seller hereby extends to Buyer any and all warranties received from Seller's suppliers and agrees to enforce such warranty on Buyer's behalf.
9. **HAZARDOUS MATERIALS** – Seller shall notify Buyer of every product ordered hereunder which contains any hazardous materials. Hazardous Material shall mean (a) any hazardous material as defined by the United States Occupational Safety and Health Administration ("OSHA") Hazard Communication Standard, (b) any substance regulated by the Toxic Substances Control Act ("TSCA") (15 U.S.C. §§ 2601 et seq.), (c) any other substance or material which by any applicable laws require special handling, reporting,

labeling, packaging, or notification of any governmental entity in its collection, storage, use, treatment or disposal, and (d) any material hazardous or injurious to the health or physical safety to persons even though said injury may occur due to mishandling or misuse of the article. In addition, Seller shall identify for each product each hazardous or injurious material, the quantities or concentrations of said hazardous materials in the product, and notify Buyer of the effects of such material on human beings and the physical manifestations that could result. For each product so identified, Seller shall also supply Buyer with warning labels or instructional materials that are: (a) appropriate to warn persons coming in contact therewith of the hazard and its effects, and (b) compliant with all applicable federal, state and local laws, rules, regulations, and ordinances. Any products that are deemed to be "hazardous" under any applicable federal, state or local statute, ordinance, regulation or agency order, will be packaged, labeled, marked and shipped by the Seller to comply with all applicable federal, state and local regulations then in effect, including but not limited to, the provisions of the Hazardous Materials Transportation Act of 1975 and the California Safe Drinking Water and Toxic Enforcement Act of 1986 ("Proposition 65"). For each product ordered that contains hazardous materials, Seller shall: (a) provide an accurate Safety Data Sheet ("SDS") that is compliant to the OSHA Hazard Communication Standard ("HCS") and the United Nations Global Harmonized System of Classification and Labeling of Chemicals ("UN GHS"), and (b) provide accurate product labeling that is compliant to the OSHA HCS and UN GHS, upon delivery to Buyer.

10. **TERMINATION** – The Buyer may terminate all or part of this order at any time by written notice to Seller. Upon termination, Buyer shall pay Seller a reasonable cancellation fee for products that are custom or unique for Buyer, consisting of (a) a percentage of the price equivalent to the percentage of work performed prior to the notice of termination less (b) the scrap value of the products used. Buyer shall have no obligation for work done after the notice or for work done that Seller could reasonably have avoided. Such fee shall be Seller's sole remedy for such cancellation. For standard products, Buyer shall not incur any cancellation fees.
11. **SET-OFF** – Buyer shall be entitled at all times to set off any amount owing at any time from Seller to Buyer or any of its affiliated companies against any amount payable at any time by Buyer in connection with this order.

Defective product or product not in accordance with Buyer's specifications will be held for Seller's instruction and at Seller's risk and if Seller so directs, will be returned at Seller's expense. Seller shall reimburse Buyer for any products returned as defective. No products returned as defective shall be replaced unless authorized by Buyer. Payment for product on this order prior to inspection shall not constitute an acceptance thereof.
13. **CHANGE IN SPECIFICATIONS** – Buyer reserves the right at any time to make changes in drawings and specifications as to any product and/or work covered by this order. Any difference in price or time for performance resulting from such changes shall be equitably adjusted and the contract shall be modified in writing accordingly.

Seller shall not substitute any property for Buyer's property and shall not use such property except in filling Buyer's orders. While in Seller's custody or control such property shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Buyer, and shall be subject to removal at Buyer's written request, in which event Seller shall prepare such property for shipment and shall redeliver to Buyer in the same condition as originally received by Seller, reasonable wear and tear excepted, all at Seller's expense.
15. **TOOLS** – Unless otherwise herein agreed, Seller at its own expense shall furnish, keep in good condition and replace when necessary all dies, tools, gauges, fixtures and patterns necessary for the production of the product ordered. The cost of changes in the aforementioned items necessary to effect design or specification changes ordered by Buyer shall be paid for by Buyer. Buyer has the option, however, to take possession of and title to any dies, tools, gauges, fixtures and patterns that are special for the production of the product covered by this order and shall pay to Seller the unamortized cost thereof; provided, however, that this option shall not apply if the product hereby ordered is the standard product of Seller or if a substantial quantity of like product is being sold by Seller to others.
16. **REMEDIES** – The remedies herein reserved shall be cumulative, and in addition to any other or further remedies provided in law or equity. No waiver of breach of any provision of this contract shall constitute a waiver of any other breach, or of such provision. Any waiver must be in writing.
17. **PATENTS** – By accepting this order, Seller agrees to indemnify and hold harmless Buyer, its successors, assigns, customers, and users of its products, against and from all suits at law or in equity, and from all claims, losses, costs, damages, judgments, penalties, and liabilities of any kind (including reasonable attorney's fees) arising out of or related to actual or alleged infringement of any intellectual property rights, including without limitation United States or foreign patents, copyrights, trade name or trade dress, by reason of the possession, use or sale of the product ordered.
