OVERVIEW

These Principles and Practices (the “Principles”) have been adopted by the Board of Directors (the “Board”) of Brunswick Corporation, together with any subsidiary, (the “Corporation”) to assist it in the performance of its duties and the exercise of its responsibilities. The Principles reflect the Board’s current thinking with respect to corporate governance issues.

The Board believes that good corporate governance is a source of competitive advantage for the Corporation. Management drives superior performance, but good corporate governance brings the skills, experience and judgment of the Board to bear on the Corporation’s executive management team (“Management”), enabling Management to improve the Corporation’s performance and maximize stockholder value.

The Principles are guidelines. The Principles are neither intended to be, nor are they, rigid rules that govern the Board’s activities. The Principles do not, and are not intended to, modify or constitute an interpretation of the Delaware General Corporation Law, the Corporation’s Certificate of Incorporation or By-Laws, or any Federal, state or local law or regulation. The Principles may be modified from time to time by the Board.

BOARD ROLES AND RESPONSIBILITIES

Board Objective

The Board’s objective is to oversee and direct Management in building long-term value for the stockholders of the Corporation (“the Stockholders”). The Board recognizes that, in order to achieve this goal, it must be sensitive to the interests of the Corporation’s employees, customers, suppliers, creditors and the communities in which the Corporation operates.

Board Responsibilities

The Board is elected by and accountable to the Stockholders and is responsible for the strategic direction and control of the Corporation. In carrying out its responsibilities, the Board will exercise sound, informed, and independent business judgment. The Board recognizes that to do so requires individual preparation by each Director and group deliberation by the Board. The Board's responsibilities include both decision-making and oversight. Among other things, the Board's decision-making responsibilities include: (a) review and approval of the Corporation's mission, strategies, objectives and policies, as developed by Management; (b) the selection and evaluation of the Corporation's Chief Executive Officer ("CEO"); (c) the determination of the terms of the CEO's employment, including his or her compensation package; and (d) the approval of material investments or divestitures, strategic transactions, and any other significant transactions that are not in the ordinary course of the Corporation's business or affect the long-term capital structure of the Corporation. Among other things, the Board's oversight responsibilities include monitoring: (a) the Corporation's compliance with legal requirements and ethical standards; (b) the performance of the Corporation (in relation to its mission, strategies, financial and non-financial objectives, and competitors); (c) the Corporation's success in developing leaders and ensuring a strong management team with sound succession plans; (d) the performance and effectiveness of the CEO and Management; and (e) the integrity of the Corporation's financial statements, reporting processes and internal controls. In addition, as appropriate, the Board should offer the CEO and Management constructive advice and counsel. All major decisions should be considered by the Board as a whole. The Board, at its sole discretion and at the Corporation's expense, may obtain advice and assistance from independent legal, financial, accounting and other advisors.

Expectations of Individual Directors

Among other things, the Board expects each Director to: (a) understand the Corporation's businesses and the marketplaces in which they operate; (b) regularly attend meetings of the Board and of the Committee(s) on which he or she serves; (c) review and understand the materials provided in advance of meetings and any other materials provided to the Board from time to time; (d) monitor and keep abreast of general economic, business and management news and trends, as well as developments in the Corporation's competitive environment and the Corporation's performance with respect to that environment; (e) actively, objectively and constructively participate in meetings and the strategic decision-making processes; (f) share his or her perspective, background, experience, knowledge and insights as they relate to the matters before the Board and its Committees; (g) be reasonably available when requested to advise the CEO and Management on specific issues not requiring the attention of the full Board but where an individual Director's insights might be helpful to the CEO or Management; and (h) participate in the Corporation's ethics program and abide by the terms of "Making the Right Choice: The Brunswick Guide to Conduct in the Workplace".

Board's Expectations of Management

Among other things, the Board expects Management to: (a) provide strong, informed and ethical leadership; (b) develop strategies that build businesses with strong, sustainable marketplace positions, build Stockholder value over the long term, and provide timely and appropriate reporting of those strategies and business operations to the Board; (c) develop appropriate strategic, operating and financial plans; (d) maintain effective control of operations and report regularly on its programs to ensure compliance with the highest ethical standards, as well as with legal, regulatory and other requirements; (e) measure and report performance against peer enterprises; (f) provide sound succession planning and management development; (g) maintain a sound organizational structure;

(h) inform the Board regularly of the status of key initiatives and changes in the Corporation's performance or the environment in which it operates; (i) timely address and resolve issues discussed at Board and Board Committee meetings; and (j) acting through the CEO, inform the Board of material developments on a timely basis, including periodic notification in between regularly scheduled Board meetings.

BOARD SELECTION AND COMPOSITION

Definition of Independent Director

(a) No Director will be considered to be independent unless the Board determines that the Director is free from any material relationship with the Corporation (either directly or as a proprietor, partner, stockholder or officer of an organization that has a relationship with the Corporation or any of its subsidiaries) (an "Independent Director"). A Director will not be considered to be independent if:

(1) the Director is, or within the prior three years has been, an employee of the Corporation or any of its affiliates; (2) a member of the Director's immediate family is, or within the prior three years has been, an executive officer of the Corporation or any of its affiliates; (3) the Director has a business relationship with the Corporation or is a proprietor, partner, controlling stockholder or executive officer of any organization that has a business relationship with the Corporation, unless, in either case, the Board determines that the relationship is not such that it will interfere with the Director's exercise of independent business judgment; (4) the Director or a member of the Director's immediate family is, or within the prior three years has been, employed as an executive officer of any other business organization where any of the Corporation's present executive officers serve on that business organization's compensation, nominating or directors' affairs committee; (5) the Director is, or within the prior three years has been, a partner or employee of a present or former internal or

external auditor of the Corporation and personally worked on the Corporation's audit during that time; (6) a member of the Director's immediate family (A) is a current partner of the Corporation's internal or external auditor, (B) is a current employee of such firm and participates in the firm's audit, assurance or tax compliance (but not tax planning) practice, or (C) within the prior three years has been (but is no longer) a partner or employee of such a firm and personally worked on the Corporation's audit during that time; or (7) the Director or an immediate family member of the Director has received, during any twelve-month period within the prior three years, more than \$100,000 in direct compensation from the Corporation (excluding fees for Board and Board Committee service, pension or other forms of deferred compensation for prior service). For purposes of the Principles, a member of the Director's immediate family shall mean a spouse, parent, child, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, or anyone (other than domestic employees) who shares such Director's home.

(b) The following commercial or charitable relationships will be considered to be material relationships that would impair a Director's independence: (1) if a Director is also a director, an executive officer or employee of a business organization that has made payments to, or received payments from, the Corporation for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1,000,000 or two percent of the business organization's consolidated gross revenues; (2) if a member of the Director's immediate family is a director or an executive officer of a business organization that has made payments to, or received payments from, the Corporation for property or services, in an amount which, in any of the last three fiscal years, exceeds the greater of \$1,000,000 or two percent of the business organization's consolidated gross revenues; (3) if a Director or a member of the Director's immediate family is also a proprietor or managing partner of any organization, or a director or executive officer of another corporation that is

indebted to the Corporation, or to which the Corporation is indebted, and the total amount of either organization's indebtedness to the other, in any of the last three fiscal years, exceeds two percent of the total consolidated assets of the organization of which he or she serves as a director or executive officer or exceeds two percent of the total consolidated assets of the Corporation; and (4) if a Director or a member of the Director's immediate family serves as an officer, director or trustee of a charitable organization, and the Corporation's discretionary charitable contributions to the organization in any of the last three fiscal years exceed the greater of \$1,000,000 or two percent of the charitable organization's consolidated gross revenues. The Board will annually review all commercial and charitable relationships of Directors.

(c) The Board will affirmatively determine whether each Independent Director qualifies under the categorical standards set forth in paragraphs (a) and (b) above, disclosing its determination in the annual Proxy Statement.

(d) For relationships not covered by the categorical standards in paragraph (a) and (b) above, the determination of whether a relationship is material or not, and, therefore, whether the Director would be an Independent Director or not, shall be made by the Directors who satisfy the independence guidelines set forth in paragraphs (a) and (b) above. If the Board determines such Director to be independent, the Corporation will explain in the next Proxy Statement the basis for that determination.

Number of Directors

The Board should have a sufficient number of Directors to reflect a substantial diversity of perspectives, backgrounds and experiences, but not so many Directors that the size of the Board hinders effective discussion or diminishes individual accountability. Given the current size and

complexity of the Corporation's businesses, the Board believes that its normal size would be in the range of 9 to 12 Independent Directors. A larger number of Directors may be appropriate on an interim basis or temporarily to provide continuity when retirements are pending. From time to time, the Board will evaluate its size in light of changes in the size and complexity of the Corporation's businesses and may change the specific number of Directors constituting the Board by resolution.

Number of Independent Directors

Independent Directors will constitute a substantial majority of the Board. No more than two members of Management may serve on the Board at the same time.

Nomination and Selection of Directors

The Board as a whole will be responsible for nominating individuals for election to the Board by the Stockholders and for filling vacancies on the Board that may occur between annual meetings of the Stockholders. The Nominating and Corporate Governance Committee, in consultation with the Chairman of the Board, will be responsible for identifying, screening, personally interviewing and recommending candidates to the entire Board. Nominees for Director will be selected on the basis of their integrity, experience, achievements, judgment, intelligence, personal character, ability to make independent analytical inquiries, willingness to devote adequate time to Board duties, and the likelihood that he or she will be willing and able to serve on the Board for a sustained period. In connection with the selection of nominees for Director, due consideration will be given to the Board's overall balance of diversity of perspectives, backgrounds and experiences. Any potential nominee should be interviewed by a majority of the members of the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee will consider any suggestions

offered by other Directors or any Stockholder with respect to potential Directors. Any recommendation submitted by a Stockholder must include the name of the candidate, a description of his or her educational and professional background, contact information for the candidate and a brief explanation of why the Stockholder feels the candidate is suitable for election. The Nominating and Corporate Governance Committee will apply the same standards in considering Director candidates recommended by Stockholders as it applies to other candidates. In accordance with the Corporation's By-Laws, Stockholders may also nominate individuals for election to the Board by submitting the nomination, together with the information required by the By-Laws, in writing to: Brunswick Corporation, 1 N. Field Ct., Lake Forest, IL 60045; Attention: Corporate Secretary's office (facsimile no. 847-735-4433; email corporate.secretary@brunswick.com).

Board Leadership

The Corporation will have a Chairman of the Board and a Chief Executive Officer, who are currently the same person. The Board may, however, separate these two positions when it deems it to be in the best interests of the Corporation and the Stockholders to do so. If the Chairman and the CEO are the same person, the Independent Directors will select an Independent Director to act as the Board's leader when it meets in executive session or when the Board Chairman is unable to lead the Board's deliberations (the "Presiding Director"). The Presiding Director will also serve as a liaison between the Board and the CEO.

Director Retirement

Non-employee Directors shall retire from the Board at the first Annual Meeting of Stockholders following his or her 70th birthday, but that the Board of Directors shall have discretion to decline to accept the resignation and request that the Director continue to serve. Any member of Management

(including the CEO) who is a Director will retire from the Board at the same time he or she retires from active management with the Corporation, and will resign from the Board at the same time he or she ceases employment with the Corporation for any reason.

Change of Position

Any non-employee Director who retires or changes the position held when the Director became a member of the Board will submit his or her resignation to the Board. The Nominating and Corporate Governance Committee will consider whether or not such resignation should be accepted and make a recommendation to the Board. The Board will determine whether or not such Director will continue as a member of the Board.

Service on Other Boards

The Board believes that individuals should limit the number of boards of directors or similar governing bodies of publicly-traded, for-profit corporations (“Public Boards”) on which they serve in order to give proper attention to their responsibilities to each board. Directors will seek and obtain approval of the Nominating and Corporate Governance Committee for memberships on Public Boards and shall inform the Chair of the Committee before agreeing to be considered for nomination to any Public Board. The Committee shall review the requirements of such board membership with the Director. As a general policy, the Board believes that Directors should limit their service to not more than three Public Boards in addition to the board of the company by which they are employed, but exceptions to this policy may be made in appropriate cases. Where a Director seeks to serve on more than three Public Boards, in addition to his or her employer’s board, the Nominating and Corporate Governance Committee will consider the request and submit its recommendation to the Board for consideration and decision. All memberships on other Public Boards by the CEO will be

considered and decided by the full Board based upon the Nominating and Corporate Governance Committee's recommendation. As a general rule, the Board's policy is that the CEO should not serve on more than two Public Boards in addition to the Board of the Corporation.

Service on Boards of Competing or Interlocking Enterprises

A Director will not serve as a director, officer or employee of or consultant to any enterprise that is competitive with the businesses of the Corporation. Federal law regulates "interlocking" directorates; and other restrictions are imposed where two or more Directors of the Corporation serve together on another board or similar body. Directors should seek legal guidance concerning such memberships, and inform the Nominating and Corporate Governance Committee before agreeing to be considered for nomination to such a body.

Director Orientation and Continuing Education Program

The Board and Management will provide an orientation program for new Directors that includes management meetings, facility visits, and materials such as the Corporation's organizational and governance documents, recent Board and Committee minutes, recent Securities and Exchange Commission filings, strategic and operating plans, financial information, corporate structure and organizational charts, and information about the Corporation's businesses, products, services and the industries in which the Corporation operates.

The Board and Management will also establish a continuing education program for all Directors and provide information concerning the best practices in corporate and board governance. Such continuing education shall include the opportunity to attend education programs offered by universities and other groups. In addition, each director should visit corporate facilities, or dealer

facilities, or attend events such as trade shows including products of the Corporation at least twice each year. Each Director's fulfillment of continuing education responsibilities shall be a part of the Board and Director evaluation process. The Management Liaison Officer, as defined below, for the Nominating and Corporate Governance Committee will be responsible for coordinating education of Directors.

BOARD OPERATIONS

Number of Regular Meetings

The Board normally will hold five regular meetings each year.

Annual Agenda

The Chairman will prepare and propose an Annual Master Board Meeting Schedule and Agenda (the "Annual Agenda") for consideration by the Board at its first meeting following the Annual Meeting of Stockholders. The Annual Agenda will set aside sufficient time at the regular Board meetings for consideration of, and action with respect to, each of the matters set forth opposite such month below:

Extended Meeting

One of the Board's meetings each year, normally the October meeting, will be scheduled over an extended period to permit a detailed review of the Corporation's strategic plan.

Other Regular Meetings

Most regular meetings of the Board will be held at the Corporation's headquarters. From time to time, the Board will meet at a major manufacturing or operating facility of the Corporation. This meeting will include a tour of the facility and meetings with local management.

Special Meetings

Special meetings of the Board will be held from time to time when called in accordance with the By-Laws.

Annual Meeting of Stockholders

Each of the Corporation's Directors is requested to attend the Annual Meeting of Stockholders in person.

Stockholder Communications with the Board of Directors

The Corporation's Annual Meeting of Stockholders provides an opportunity each year for Stockholders to ask questions of or otherwise communicate directly with members of the Corporation's Board of Directors on matters relevant to the Corporation. In addition, Stockholders may, at any time, communicate in writing with the Board, the Presiding Director, or the Independent Directors as a group, by sending such written communication to such Director(s) at: Brunswick Corporation, 1 N. Field Ct., Lake Forest, IL 60045; Attention Corporate Secretary's Office (fax no.

847-735-4433; email corporate.secretary@brunswick.com). Copies of written communications received at such address will be provided to the Board, the Presiding Director or the Independent Directors as a group unless such communications are considered, in consultation with the Independent Directors, to be improper for submission to the intended recipient(s).

Executive Sessions/Presiding Director

At each Board meeting, the Board will have an executive session of the Independent Directors. Such sessions are a normal part of the Board's deliberations and activities. These meetings will be chaired by the Presiding Director, who will be selected by a majority of the Independent Directors. The Corporation will identify the Presiding Director in its Annual Proxy Statement.

Meeting Materials

An agenda for each Board meeting will be sent to each Director in advance of the meeting together with: (a) written materials pertaining to the matters to be presented for Board decision at such meeting; (b) summary financial information needed to understand the performance of the Corporation; (c) minutes of the most recent Board meeting and of any Committee meetings held since the distribution of materials for the most recent Board meeting; and (d) other written materials that are available in advance of the meeting. Written materials should be designed to provide a foundation for the Board's discussion of key issues and allow the Board to make the most efficient use of its meeting time. Directors may request additional information or changes in the scope, amount or format of the information provided, and the CEO will make every effort to provide such additional information or make such changes. It is the Board's policy that such materials be delivered, when practicable, seven days prior to the meeting date.

Board Contact with Management

The Corporation's Chief Executive Officer, Chief Financial Officer, General Counsel and Corporate Secretary will attend all meetings of the Board other than executive sessions. The Board encourages the CEO to bring other members of Management and other employees into Board meetings to:

(a) make presentations to the Board regarding matters that involve the individual; (b) provide additional insight and perspective concerning matters under discussion by the Board; (c) expose the Board to individuals with high potential for significant leadership roles in the Corporation; or (d) otherwise assist the Board in its work. Additionally, Directors may from time to time meet individually with members of Management. The CEO should be informed of such meetings in advance and, following such meetings, informed of the results of and matters discussed during such meetings. Directors should use their access to Management with care so as not to undermine normal lines of management authority or take too much of Management's time.

Board and Director Evaluation

The Board will annually review the functioning and performance of the Board and its committees including: (a) assessing the size, composition and structure of the Board and its committees; (b) the agenda and calendar of the Board and its committees; (c) the information Directors receive; (d) the effectiveness of continuing education programs; and (e) the Board's other processes and procedures. Such review will be coordinated by the Nominating and Corporate Governance Committee.

In addition, the Nominating and Corporate Governance Committee will review the attendance, Director education, independence and performance of each of the Directors being nominated for reelection by the Stockholders at the Annual Meeting and shall make a finding concerning their nomination that will be reviewed with the Board.

CEO Evaluation

Each year the Board will develop criteria that will be used to evaluate the CEO's performance. These criteria will include, among other things, the Corporation's performance against its strategic and operating plans, as well as achievements in management development and succession planning. The appropriate Management Liaison Officer(s), as defined below, will survey leading corporations and provide information regarding CEO evaluation processes. The Nominating and Corporate Governance Committee and the Human Resources and Compensation Committee will jointly conduct the CEO's evaluation. The Nominating and Corporate Governance Committee will solicit input from each of the Independent Directors in connection with that evaluation, and share the results of the evaluation with the Board's Independent Directors. After discussion and approval by the Independent Directors, the Presiding Director (if the Chairman is the CEO) or the Chairman (if he or she is not the CEO) and the Chairs of the Human Resources and Compensation Committee, and the Nominating and Corporate Governance Committee will meet with the CEO to discuss the evaluation.

Strategy

It is Management's responsibility to formulate, propose and implement strategy and the Board's role to approve strategic direction and to monitor strategic results. The Board and Management will each be better able to carry out their respective responsibilities regarding matters of strategy if there is an ongoing dialogue between the Board and the CEO and other members of Management. Board approval will be required for changes in long-range strategy (including resource allocation) and changes in long-term capital structure as well as any significant transactions that are not in the ordinary course of the Corporation's business.

Management Development and Succession Planning

On an annual basis, the CEO will present a report on management development for key Management positions together with a proposed CEO Succession Plan to the Human Resources and Compensation Committee. The Committee will review the report and provide comments to the CEO who will then present the report on management development and the CEO Succession Plan to the Board for its consideration. In evaluating candidates to succeed the CEO, the Board will, among other things, consider such candidates' integrity, experience, achievements, judgment, intelligence, personal character and potential for providing strong leadership to the Corporation in both the short and long-term. If the CEO dies or otherwise becomes unable to carry out his or her responsibilities, the Human Resources and Compensation Committee will appoint an interim CEO pending selection of a new CEO by the Board.

Board Committees

The Board currently has four standing Committees – the Audit Committee, the Human Resources and Compensation Committee, the Nominating and Corporate Governance Committee, and the Finance Committee. The Board has also adopted a charter for the Qualified Legal Compliance Committee. The Board may, from time to time, expand or reduce the number of standing committees, change committee responsibilities or form ad hoc committees. The responsibilities of each standing committee will be determined by the Board from time to time. Those responsibilities will be set forth in a written committee charter adopted by the Board. Current copies of each of the charters are attached to these Principles. In general, the Committees should function to identify and focus issues for discussion by the full Board. Other than the Qualified Legal Compliance Committee, each Committee Chair shall report regularly to the Board on Committee meetings and other Committee

activities. The Qualified Legal Compliance Committee shall report to the Board as required.

Committee Composition; Rotation of Membership

The size, membership, and chairs of each Committee will be determined by the Board. Each of the Committees will be chaired by an Independent Director. The membership and Chairs of the standing Committees will be rotated from time to time to allow Directors to serve on various Committees over time and to promote continuity of membership and leadership on each Committee. The Chairman and CEO may participate in any Committee meeting except when such participation would present a conflict of interest or, in the case of a Chairman who is also the CEO, the meeting is an executive session of the Committee.

Management Liaison Officers

The Board does not have a professional staff, but relies on Management to perform staff functions. Each Committee and the Board itself will be assigned a liaison officer from Management (“Management Liaison Officer”) whose responsibilities shall include: (a) maintaining regular contact with the Chair and members as appropriate; (b) conducting analysis, research and investigation, and preparing reports as requested by the Committee; (c) coordinating ongoing review of Committee responsibilities and providing advice to the Committee Chair on optimal methods of fulfilling those responsibilities; (d) assisting with the preparation of the Committee meeting agenda in coordination with the Committee Chair; (e) keeping accurate records of the Committee’s activities; (f) executing Committee directives, subject to and in coordination with the CEO’s overall responsibility to manage the Corporation; (g) maintaining contact with the Management Liaison Officers of the other Committees and with the CEO to ensure coordination of activities and directives; (h) monitoring and

reporting developments in areas of interest to the Committee to ensure that the Corporation is following the best practices in corporate management and governance and considering advanced practices; and (i) as requested by the Chair and on an ongoing basis as necessary or appropriate, providing advice to his or her assigned Committee and to its Chair.

It is the expectation of the Board that each Management Liaison Officer will devote an appropriate amount of his or her time to liaison duties. Management Liaison Officers will be designated by the CEO and will report to the CEO or other Executive Officer of the Corporation and will not have a reporting relationship to the Board or any Committee. Each Management Liaison Officer will keep the CEO fully informed of his or her activities as a Management Liaison Officer. Generally, the following Executive Officers of the Corporation will have the Management Liaison Officer responsibility shown:

Organization	Liaison Officer
Board of Directors	Secretary and General Counsel
Audit Committee	Controller
Human Resources and Compensation Committee	Chief Human Resources Officer
Finance Committee	Chief Financial Officer
Nominating and Corporate Governance Committee	Secretary and General Counsel
Qualified Legal Compliance Committee	Secretary and General Counsel

Annual Committee Agenda

In connection with the preparation of the Board's Annual Agenda, the Chair of each Committee, in consultation with the CEO and the Presiding Director (or Chairman, if the CEO is not the Chairman), will prepare a master agenda and schedule for the Committee for the year. Copies of each Committee's master agenda and schedule will be distributed to all Directors.

Committee Meeting Materials

The Chair of each Committee will oversee the preparation of an agenda for each meeting. The agenda, together with: (a) written materials pertaining to the matters to be presented for consideration at such meeting; and (b) the minutes of the most recent meeting of the Committee, will be provided to each Committee member in advance.

It is expected that the Management Liaison Officer for each Committee will be responsible for preparation and dissemination of these materials under the supervision of the Chair.

Management Attendance at Committee Meetings

The Chair of each Committee, in consultation with the CEO, will determine which members of Management in addition to the Management Liaison Officer will attend each Committee meeting. The CEO will be permitted to attend any Committee meeting except those designated as executive sessions.

Committee Reports to the Board

At least once per year, the Chair of each Committee will make a presentation to the Board regarding the activities and policies and practices of his or her Committee. The purpose of such presentation is to inform Directors of the activities, policies and practices of Committees on which they do not serve.

Ad Hoc Committees

In addition to the standing Committees, ad hoc committees may be formed from time to time by the Board. The size, membership, and chair of each ad hoc committee will be determined by the Board.

Generally, the Chairs and most members of such committees will be Independent Directors.

Members of Management may be appointed by the Board as ex officio members of such ad hoc committees.

OTHER MATTERS

Directors' Compensation

Directors' compensation will be determined by the Board. Members of Management who are also Directors will not receive additional compensation for their service as Directors. The Board believes that it is important to align the interests of Directors with those of the Stockholders. Accordingly, the Board believes that a significant portion of Directors' compensation should be paid in stock, stock options or other forms of compensation that correlate with the market value of the Corporation's common stock. Management will report annually to the Nominating and Corporate Governance Committee on the amount and composition of the compensation of the Corporation's Directors in relation to the compensation of Directors of comparable enterprises. Changes in Directors' compensation will be recommended to the Board by the Nominating and Corporate Governance Committee.

Directors' Share Ownership

Within 3 years of (a) April 30, 2003, or (b) the date on which a Director first became a Director, whichever is later, and thereafter for so long as each Director is a Director of the Corporation, each Director shall own common stock and deferred stock units of the Corporation totaling 10,000 shares; and, within 5 years of the dates set forth in (a) and (b) above, each Director shall own common stock and deferred stock units of the Corporation totaling 20,000 shares.

Management Service on Other Boards

The Board believes that, in general, Management should devote its full business time and attention to the operation and management of the Corporation. The Board recognizes that members of Management, particularly the CEO, and the Corporation itself will benefit from service on other Public Boards. It is the Board's policy to encourage such membership in appropriate cases. If any member of Management who is not a member of the board desires to join a Public Board, he or she should advise the CEO of his or her desire to do so, prior to agreeing to be considered for nomination, and the CEO will consider whether or not such person and the Corporation will benefit from that person's service on such Public Board and if such membership will interfere with or detract from such person's responsibilities to the Corporation. The CEO will determine whether or not to permit such person to serve on the other Public Board and will report such other board memberships to the Board on an annual basis. The CEO and the Board shall consider the potential liability of the Corporation resulting from service by Management members on other Public Boards, and will consider the financial stability and directors' liability insurance program of such corporations in connection with his or her consideration.

Communications

Management speaks for the Corporation. Inquiries from Stockholders, other investors, analysts, the press, customers, suppliers, or others should be referred to the CEO or other appropriate members of Management. Individual Directors may, from time to time, meet with various constituencies of the Corporation, at the request of or with the concurrence of Management. Directors are free to meet with or address the public or special groups concerning board practices generally, and other matters

of interest to the Directors not directly related to activities of the Corporation, and such contacts will not require Management concurrence.

BOARD OF DIRECTORS OF BRUNSWICK CORPORATION**CHARTER OF THE AUDIT COMMITTEE****(As amended through October 24, 2007)****(a) Purpose**
