**Item 2.02. Results of Operations and Financial Condition.**

On October 24, 2019, Brunswick Corporation (“Brunswick”) announced its financial results for the third quarter 2019. The news release Brunswick issued announcing its third quarter 2019 earnings is incorporated herein by reference and is included as Exhibit 99.1 to this Current Report on Form 8-K.

In the news release, Brunswick uses non-GAAP financial measures. A “non-GAAP financial measure” is a numerical measure of a registrant’s historical or future financial performance, financial position, or cash flows that excludes amounts, or is subject to adjustments that have the effect of excluding amounts, that are included in the most directly comparable measure calculated and presented in accordance with GAAP in the statements of operations, balance sheets, or statements of cash flows of the issuer; or includes amounts, or is subject to adjustments that have the effect of including amounts, that are excluded from the most directly comparable measure so calculated and presented. Operating and statistical measures and certain ratios and other statistical measures are not non-GAAP financial measures. GAAP refers to generally accepted accounting principles in the United States.

Brunswick has used certain of the financial measures that are included in the news release for several years, both in presenting its results to shareholders and the investment community and in its internal evaluation and management of its businesses. Brunswick’s management believes that these measures (including those that are non-GAAP financial measures) and the information they provide are useful to investors because they permit investors to view Brunswick’s performance using the same tools that Brunswick uses and to better evaluate Brunswick’s ongoing business performance.

The measure diluted earnings per common share (EPS), as adjusted, is believed to be useful to investors because it represents a measure of Brunswick’s earnings, without the impact of certain charges that do not reflect the Company’s ongoing business performance. Brunswick defines this measure as diluted earnings (loss) per common share from continuing operations, excluding the earnings per share impact of pension settlement charges; restructuring, exit, and impairment charges; impairment charges or gain on sale of an equity investment; loss on early extinguishment of debt; special tax items; Sea Ray Sport Yacht and Yacht operations; acquisition-related costs; purchase accounting amortization; or other applicable charges. Brunswick’s management also believes that the measures adjusted operating earnings and adjusted pretax earnings are useful to investors because they provide a necessary and important perspective on Brunswick’s operating performance and improve comparability of performance against prior periods. Brunswick defines adjusted operating earnings as operating earnings (loss), excluding the earnings impact of restructuring, exit, and impairment charges; purchase accounting amortization; Sea Ray Sport Yacht and Yacht operations; acquisition-related costs; and other non-recurring or applicable charges. Brunswick defines adjusted pretax earnings as earnings (loss) before income taxes, excluding the earnings impact of pension settlement charges; restructuring, exit, and impairment charges; Sea Ray Sport Yacht and Yacht operations; acquisition-related costs; purchase accounting amortization; impairment charges or gain on sale of an equity investment; loss on early extinguishment of debt; and other applicable charges. Brunswick’s management believes that the non-GAAP financial measure free cash flow is useful to investors because it is an indication of cash flow that may be available to fund investments in future growth initiatives. Brunswick defines free cash flow as cash flow from operating and investing activities (excluding cash provided by or used for acquisitions, investments, purchases or sales/maturities of marketable securities, and other investing activities) and the effect of exchange rate changes on cash and cash equivalents. Brunswick does not provide forward-looking guidance for certain financial measures on a GAAP basis because it is unable to predict certain items contained in the GAAP measures without unreasonable efforts. These items may include pension settlement charges, restructuring, exit, and impairment charges, special tax items, acquisition-related costs, and certain other unusual adjustments.

To reflect the impact of changes in currency exchange rates on net sales, Brunswick may use constant currency reporting. To present this information, net sales transacted in currencies other than U.S. dollars are translated to U.S. dollars using prior year exchange rates for the comparative period, using the average exchange rates in effect during that period. The percentage change in net sales expressed on a constant currency basis may better reflect changes in the underlying business trends, excluding the impact of translation arising from foreign currency exchange rate fluctuations.

The information in this report and the exhibit attached hereto shall not be deemed “filed” for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liabilities of that Section, nor shall it be deemed incorporated by reference into any filing under the Securities Act of 1933, as amended, except as expressly set forth by specific reference in such filing.

## Brunswick Reports Third Quarter Results

Third Quarter GAAP Diluted EPS of \$(2.74)<sup>1</sup> and As Adjusted Diluted EPS of \$1.10

Pipeline Inventory Reduction Ahead of Plan; Units in Field Already Slightly Below Prior Year

2019 Guidance: As Adjusted Diluted EPS of Approximately \$4.25

Maintain 2020 As Adjusted Diluted EPS Target of \$5.00 to \$5.50 per share

**METTAWA, Ill., October 24, 2019**-- Brunswick Corporation (NYSE: BC) today reported results for the third quarter of 2019:

### Third Quarter 2019 Highlights:

	Q3 2019			
	GAAP	Incr (Decr)	As Adjusted	Incr (Decr)
\$ millions (except per share data)				
<b>Net Sales</b>	\$ 976.6	(6.5) %	\$ 976.6	(5.7) %
<b>Operating Earnings</b>	\$ 119.7	21.9 %	\$ 135.8	(2.6) %
<b>Operating Margin</b>	12.3%	290 bps	13.9%	40 bps
<b>Diluted EPS</b>	\$ (2.74)		\$ 1.10	

bps = basis points

<sup>1</sup>GAAP Diluted EPS includes an after-tax, non-cash charge of \$311.3 million related to pension settlement costs; please see page 3 of this release and the tables in the Appendix for more information and reconciliations

"Our third quarter performance reflects the continued successful execution of our marine strategy and reinforces the tremendous confidence we have in the future growth opportunities within each of our businesses," said Brunswick Chief Executive Officer David Foulkes. "Both gross and operating margins expanded during the quarter, despite anticipated decreases in sales, demonstrating the positive effects of our cost reduction activities as well as the strength of our overall business portfolio including the Power Products business acquired in August of last year. The more favorable retail demand environment across the U.S. in the third quarter of 2019, along with planned lower wholesale shipment activity during the quarter, resulted in better than expected pipeline inventory improvements across boat and engine product lines, with field inventories for boats now down slightly on a unit basis versus the prior year. We are confident that we will achieve our year-end pipeline goals, setting up for a clean start to 2020.

"Overall retail trends turned more positive during the quarter, with Boston Whaler in particular enjoying strong retail sales, especially boats over 33 feet. Higher horsepower outboard engine demand remains strong, and our capacity investments related to these engines, which will enable us to satisfy pent-up demand and expand market share, remain on target for completion in the fourth quarter. Including the 400 and 450R horsepower outboard engines launched earlier in the year, the strength of our high horsepower outboard engine family will be on full display next week at the Fort Lauderdale International Boat Show. Our continued focus on new products and technology will also be evident at the show, with the debut of a number of exciting new boat models, including the all-new Boston Whaler 325 and 405 Conquest, and the Sea Ray Sundancer 320 Coupe, all equipped with Brunswick's latest connected-boat technology," Foulkes continued.

"We continue to diligently execute our capital strategy and we have made excellent progress against our \$400 million share repurchase commitment, which remains on track for completion by the end of the year. In addition, early in the quarter, we finalized the exit of our remaining defined benefit pension plans that resulted in an after-tax, non-cash settlement charge of \$311.3 million and we completed the retirement of our \$150 million of outstanding 2021 senior notes in August. Finally, Freedom Boat Club, our

---

most recent acquisition, announced its 200<sup>th</sup> franchise location during the quarter and continues to perform as anticipated," Foulkes concluded.

## Discontinued Operations

On June 27, 2019, Brunswick completed the sale of its Fitness business. Starting with the second quarter of 2019, the historical and future results of this business are now reported as discontinued operations. Therefore, for all periods presented in this release, all figures and outlook statements incorporate this change and reflect continuing operations only, unless otherwise noted.

## 2019 Third Quarter Results

For the third quarter of 2019, Brunswick reported consolidated net sales of \$976.6 million, down from \$1,044.1 million a year earlier, which included \$9.0 million of sales related to Sport Yacht and Yachts. Diluted EPS for the quarter was (\$2.74) on a GAAP basis and \$1.10 on an as adjusted basis. Comparative third quarter earnings results, including reconciliations of GAAP to as adjusted amounts, are shown below:

\$ millions (except per share data)	Operating Earnings		Diluted Earnings Per Share	
	Q3 2019	Q3 2018	Q3 2019	Q3 2018
<b>GAAP</b>	<b>\$ 119.7</b>	<b>\$ 98.2</b>	<b>\$ (2.74)</b>	<b>\$ 0.86</b>
Restructuring, exit, impairment, and other charges	8.1	9.4	0.15	0.07
Purchase accounting amortization	7.5	9.4	0.05	0.08
Acquisition related costs	0.5	10.5	0.00	0.14
Sport yacht & yachts	—	11.9	—	0.11
Pension settlement charge	—	—	3.66	—
Loss on early extinguishment of debt	—	—	0.01	—
Special tax items	—	—	(0.03)	(0.12)
<b>As Adjusted</b>	<b>\$ 135.8</b>	<b>\$ 139.4</b>	<b>\$ 1.10</b>	<b>\$ 1.14</b>
<b>Percent Decrease</b>	<b>(2.6)%</b>		<b>(3.5)%</b>	
<b>GAAP Operating Margin</b>	<b>12.3 %</b>	<b>9.4%</b>	<b>290 bps</b>	
<b>Adjusted Operating Margin</b>	<b>13.9 %</b>	<b>13.5%</b>	<b>40 bps</b>	

bps = basis points

## Review of Cash Flow and Balance Sheet

Cash and marketable securities totaled \$377.8 million at the end of the third quarter, up \$74.4 million from year-end 2018 levels. The increase includes net cash provided by operating activities during the first nine months of the year of \$254.2 million, which was higher by \$64.2 million primarily as a result of lower pension contributions partially offset by more unfavorable changes in working capital during the year. Cash flow from discontinued operations of \$444.0 million primarily relates to proceeds received from the sale of the Fitness business.

Investing and financing activities resulted in a net cash usage of \$620.6 million during the first nine months of 2019, and included \$231.1 million of share repurchases, \$178.4 million of capital expenditures, \$94.9 million of net payments from retirements and issuances of debt, \$64.1 million related to an acquisition, and \$54.1 million of dividend payments.

## Marine Engine Segment - Financial Highlights

\$ millions	Q3 2019	Q3 2018	Incr (Decr)
Net Sales	\$770.2	\$802.7	(4.0)%
Operating Earnings GAAP	\$135.8	\$128.1	6.0 %
Restructuring, exit, & impairment charges	3.5	—	NM
Purchase accounting amortization	7.1	9.4	(24.5)%
Acquisition related costs	—	10.5	NM
Operating Earnings, as adjusted	\$146.4	\$148.0	(1.1)%

NM = not meaningful

The Marine Engine segment, which manufactures and distributes marine propulsion systems and related parts and accessories, reported sales reductions in the quarter as the addition of Power Products and continued gains in higher horsepower outboard engine categories were partially mitigated by the impacts of planned reductions in outboard engines 150 horsepower and below resulting from the challenging market environment in the first half of the year, as well as lower sales of sterndrive engines.

---

Operating earnings comparisons were affected by acquisition-related costs in 2018. Excluding this factor, earnings were down slightly as cost reductions, benefits from Power Products, and a more favorable sales mix were mostly neutralized by lower volumes, primarily in the lower horsepower engine categories. Operating margins continued to expand during the quarter despite revenue softness.

### Boat Segment - Financial Highlights

\$ millions	Q3 2019	Q3 2018	Incr (Decr)
<b>Net Sales GAAP</b>	<b>\$277.1</b>	<b>\$322.6</b>	<b>(14.1)%</b>
Sport Yacht & Yacht	—	(9.0)	NM
<b>Net Sales, as adjusted</b>	<b>\$277.1</b>	<b>\$313.6</b>	<b>(11.6)%</b>
<b>Operating Earnings GAAP</b>	<b>\$3.7</b>	<b>\$(5.0)</b>	<b>NM</b>
Restructuring, exit, & impairment charges	3.4	9.4	(64.0)%
Acquisition related costs	0.5	—	NM
Purchase accounting amortization	0.4	—	NM
Sport yacht and yacht operating losses	—	11.9	NM
<b>Operating Earnings, as adjusted</b>	<b>\$8.0</b>	<b>\$16.3</b>	<b>(50.9)%</b>

The Boat segment, which manufactures and distributes recreational boats, and includes Business Acceleration operations, had sales and operating earnings comparisons that were both affected by the exit from the Sport Yacht and Yacht business in the second-half of 2018. Excluding this factor, sales decreased primarily due to planned reductions in wholesale unit shipments in response to the challenging retail market environment in the first half of the year. Slight sales gains in recreational fiberglass were offset by planned reductions in saltwater fishing, pontoons, and value aluminum products. The Freedom Boat Club acquisition contributed approximately 2 percent of sales in the quarter. Operating earnings were lower as benefits from cost control measures were exceeded by the impact of lower volume and production rates required to right-size pipelines to healthy levels by year-end.

## 2019 and 2020 Outlook

"2019 is shaping up to be another year of record earnings, led by solid improvements in gross and operating margins, with strong free cash flow generation. Each of our businesses continue to benefit from steady investment in new products and technology and we believe we are well positioned for success in 2020 and beyond," said Foulkes.

"Our outlook for 2019 remains relatively consistent with the July earnings call, with slight overall revenue growth versus prior year, with Power Products adding 4 percent of growth to consolidated sales comparisons. We continue to project U.S. marine industry retail unit demand for the year being down mid-single digit percent versus 2018. Marine Engine segment global sales are expected to grow between 2 and 3 percent and Boat segment global sales are expected to be down between 6 and 7 percent.

"In addition to strong sales contributions from completed acquisitions, we anticipate growth in higher horsepower outboard engines and certain of our premium boat brands, and expect stable performance by the parts and accessories business. Anticipated headwinds include lower sales of outboard engines 150 horsepower and below, value boat products, and purposeful reductions in wholesale shipments of certain Boston Whaler product lines in advance of multiple, impending new product launches. Expected margin improvements include benefits from new products, favorable trends in sales mix, cost reduction and containment initiatives, and acquisition contributions, while tariffs and currency fluctuations remain headwinds. We anticipate adjusted operating earnings to increase by a mid-single digit percent.

"Our guidance for full-year 2019 diluted EPS, as adjusted, is now approximately \$4.25. This incorporates production adjustments and lower wholesale shipments that will continue for the remainder of the year in order to fully achieve our pipeline target of weeks on hand being flat to slightly down, with units meaningfully down versus 2018.

"Our 2019 plan positions us well heading into 2020 where we remain confident in our adjusted EPS target of \$5.00 to \$5.50, assuming relatively steady macro-economic

---

conditions and a retail marine market that is flat compared to 2019. This confidence is bolstered by our capital strategy as well as our organic growth opportunities, including benefits from increased high horsepower outboard engine capacity, stable pipelines versus reductions in 2018, the steady growth of our parts and accessories business, and the impacts of new products and services," Foulkes concluded.

---

## **Use of Non-GAAP Financial Information**

A reconciliation of GAAP to non-GAAP financial measures used in this release is provided in the reconciliation sections of the consolidated financial statements accompanying this release.

In order to better align Brunswick's reported results with the internal metrics used by Brunswick's management to evaluate business performance as well as to provide better comparisons to prior periods and peer data, non-GAAP measures used in this release exclude the impact of purchase accounting amortization related to the Power Products and Freedom Boat Club acquisitions.

Brunswick does not provide forward-looking guidance for certain financial measures on a GAAP basis because it is unable to predict certain items contained in the GAAP measures without unreasonable efforts. These items may include restructuring, exit, and impairment costs, special tax items, acquisition-related costs, and certain other unusual adjustments.

## **Conference Call Scheduled**

Brunswick will host a conference call today at 10 a.m. CDT, hosted by David M. Foulkes, chief executive officer, William L. Metzger, senior vice president and chief financial officer, Ryan M. Gwillim, vice president - finance and treasurer and Alexander F. Marchetti, senior director of investor relations. The call will be broadcast over the Internet at [brunswick.com/investors](http://brunswick.com/investors). To listen to the call, go to the website at least 15 minutes before the call to register, download and install any needed audio software.

---

**See Brunswick's website for slides used to supplement conference call remarks at [brunswick.com/investors](http://brunswick.com/investors).**

Security analysts and investors wishing to participate via telephone should call 866-353-8985 (passcode: Brunswick Q3). Callers outside of North America should call 409-217-8085 (passcode: Brunswick Q3) to be connected. These numbers can be accessed 15 minutes before the call begins, as well as during the call. A replay of the conference call will be available through 2 p.m. EDT Wednesday October 30, 2019, by calling 855-859-2056 or international dial 404-537-3406 (passcode: 4783969). The replay will also be available at [www.brunswick.com](http://www.brunswick.com).

### **Forward-Looking Statements**

Certain statements in this news release are forward-looking as defined in the Private Securities Litigation Reform Act of 1995. Forward-looking statements are based on current expectations, estimates, and projections about Brunswick's business and by their nature address matters that are, to different degrees, uncertain. Words such as "may," "could," "expect," "intend," "target," "plan," "seek," "estimate," "believe," "predict," "outlook," and similar expressions are intended to identify forward-looking statements. Forward-looking statements are not guarantees of future performance and involve certain risks and uncertainties that may cause actual results to differ materially from expectations as of the date of this news release. These risks include, but are not limited to: the effect of adverse general economic conditions, including the amount of disposable income consumers have available for discretionary spending, tight consumer credit markets, and the level of consumer confidence on the demand for our products and services; our ability to successfully implement our strategic plan and growth initiatives; our ability to integrate targeted acquisitions, including the Global Marine & Mobile Business of Power Products; having to record an impairment to the value of goodwill and other assets; changes to U.S. trade policy and tariffs; the inability to identify and complete targeted acquisitions; the potential for disruption to our business in connection with the Power Products acquisition, making it more difficult to maintain business and operational relationships; the risk that unexpected costs will be incurred in

---

connection with these transactions; the possibility that the expected synergies and value creation from these transactions will not be realized or will not be realized within the expected time period; negative currency trends, including shifts in exchange rates; fiscal policy concerns; adequate financing access for dealers and customers and our ability to access capital and credit markets; maintaining effective distribution; adverse economic, credit, and capital market conditions; loss of key customers; attracting and retaining skilled labor and implementing succession plans for key leadership; inventory reductions by dealers, retailers, or independent boat builders; requirements for us to repurchase inventory; actual or anticipated increases in costs, disruptions of supply, or defects in raw materials, parts, or components we purchase from third parties, including as a result of new tariffs on raw materials, increased demand for shipping carriers, and transportation disruptions; higher energy and fuel costs; our ability to protect our brands and intellectual property; absorbing fixed costs in production; managing our manufacturing footprint; outages, breaches, or other cybersecurity events regarding our technology systems, which could result in lost or stolen information and associated remediation costs; managing our share repurchases; competitive pricing pressures; our ability to develop new and innovative products and services at a competitive price, in legal compliance with existing rules; maintaining product quality and service standards; product liability, warranty, and other claims risks; legal and regulatory compliance, including increased costs, fines, and reputational risks; changes in income tax legislation or enforcement; certain divisive shareholder activist actions; joint ventures that do not operate solely for our benefit; international business risks; and weather and catastrophic event risks.

Additional risk factors are included in the Company's Annual Report on Form 10-K for 2018 and subsequent Quarterly Reports on Form 10-Q. Forward-looking statements speak only as of the date on which they are made, and Brunswick does not undertake any obligation to update them to reflect events or circumstances after the date of this news release or for changes by wire services or Internet service providers.

## **About Brunswick**

Headquartered in Mettawa, Ill., Brunswick Corporation's leading consumer brands include Mercury Marine outboard engines; Mercury MerCruiser sterndrive and inboard packages; Mercury global parts and accessories including propellers and SmartCraft electronics; Power Products Integrated Solutions; MotorGuide trolling motors; Attwood,
